## EXPERIENCE.

**EDGE Creative Design Agency**  
Sutton Coldfield, West Midlands  
Multimedia Designer. 2008-Present

A key member of the EDGE Creative design team holding responsibilities of working in a professional design team and creating high standard graphic design and other media. Projects ranged from Company Branding, Illustration, Animation and Web Design. Understood the importance of time-keeping for each design brief, delivering a high quality product to the client and keeping in close contact all the way through to the final stages of the project.

**Centre Of Engineering Excellence**  
Wolverhampton, West Midlands  
CAD Designer / Operator. 2007-2008

Team member of The West Midlands Technology project (WMTN), a specialist group of technical staff involved in the delivery of CAD modelling of new products for small to medium enterprises (SMEs). Worked in the areas specified to Product Design, Engineering, Graphic Design & Web Design. The position consisted of the proficient use of design software, presenting ideas and concepts to a professional standard, as well as assisting the Senior Manufacturing Associate with documentation and claims for funding agencies.
